

Your Business. Our Community. Greater Impact.

Our Mission

New Horizons exists to end youth homelessness in Seattle by walking alongside young adults experiencing housing instability. We provide holistic support rooted in dignity, resilience, and youth-led change—offering shelter, job training, mentorship, and community. Our work centers on the voices of young people, empowering them to shape their own futures and thrive.

The Opportunity

From New Horizons' Executive Director, Tiffany Washington

This year, we introduced *How Care Continues*, a one-year roadmap focused on helping young adults not only get housed but build the stability to stay housed. We're strengthening core programs, testing new stability-focused pilots, and building the data foundation that will guide our next several years of impact. This roadmap is the launchpad to create deeper impact, stronger outcomes, and lasting change. But we need your support.

We're inviting you to partner with us through event sponsorship to meet urgent needs and allow us to further our vision for impact. By investing in young adults, you're not just transforming lives, you're reshaping our community's future.

Event Overview
